

**FREE
SEMINAR**

Three "mission critical" strategies to drive competitiveness and profit in your business

7pm to 9pm, Thursday May 26

1st Floor, Youell House, Blenheim

**Join us for this dynamic and energising free seminar
for Marlborough business owners, managers and entrepreneurs.**

A lot of people - including our presenters - have been doing a lot of work over recent years to figure out what Kiwi businesses need to improve their productivity, competitiveness and profitability - without having to work even longer hours. Because there's so much information coming across your desk everyday it's impossible to keep on top of it all. So we've distilled what we think are the most important findings and will present them in this two hour seminar - with our compliments!

Also at this seminar

The Marlborough Chamber of Commerce will show you how easily (no application forms!) most businesses can access Government Management Capability Development funding for 50% of the cost of eligible training and coaching up to \$5,000 in any year.

How to register

Mark this time and date in your diary - 7pm to 9pm, Thursday May 26 and make your complimentary booking by calling Fanselow Bell Human Resources on 579 4794 or email the names of those attending to tony@forte-management.co.nz. We will email you your complimentary ticket/s. Places are limited.
